Codecademy

UI / UX Design Catalog Content Contributor - Part Time

Dear Hiring Manager,

Thank you for considering my application. I would welcome the opportunity to discuss how my skills and experiences align with the needs of Codecademy. In my pursuit of new creative endeavors, I'm excited to find the UX Designer opportunity with Facing History and Ourselves. As a progressive professional in user experiences with a proven track record in design, my Fashion Design background, I am thrilled to take this opportunity to contribute my skills and creativity to your team.

As a UX/UI Designer, I have honed my skills through both formal education and hands-on experience. My background includes a UX/UI Boot Camp from University of Oregon, where I gained a solid foundation in design principles, user research, and usability testing.

I am proficient in industry-standard design tools such as Figma and Adobe Illustrator, which I have used to create wireframes, prototypes, and high-fidelity designs. One of my recent projects involved redesigning the user interface for a mobile/Desktop app, resulting in a 30% increase in user engagement and a 20% boost in customer satisfaction according to initial user tests. This experience highlighted my ability to transform complex problems into elegant, user-centric solutions.

What excites me most about Facing History and Ourselves is your commitment to innovation and your dedication to enhancing the user experience. I have been following your recent work on promoting civic engagement and supporting deep academic learning and I'm impressed by your forward-thinking approach to design.

I believe that my problem-solving abilities, attention to detail, and creative mindset make me a strong fit for your team. For a greater presentation of my background and qualifications, please review my attached resume. I am eager to speak with you and greatly appreciate your consideration.

Sincerely,

Kalani Nanayakkara
